In claim 5, line 15, "first and second" has been changed to -- first set and second set of --.

In claim 5, line 16, "relatively" has been changed to -- relative --.

In claim 5, line 17, -- set of -- has been inserted before each occurrence of "ratcheting teeth".

In claim 5, line 18, -- set of -- has been inserted before each occurrence of "ratcheting teeth".

2. The following is an examiner's statement of reasons for allowance: the prior art does not teach a closure as claimed wherein the outer and inner caps are coupled via grooves and projections to remain axially coupled, a first and a second set of ratcheting teeth, first and second ratcheting protrusions, and an indicator on the top surfaces of the inner and outer caps. Although not explicitly stated in the claims, the first and second sets of ratcheting teeth (as well as the first and second ratcheting projections) are spaced apart so as to move toward each other to produce

the tension there between when in engagement and moving relative to each other so as rotate the closure from an associated container opening.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
